**\*Chemistry Background:** Students who achieved a final scaled score of 50 percent or more in Chemistry 3A/3B or Chemistry ATAR within the past three years should seek an exemption from the FBTC Academic Chair for CHE140 Fundamentals of Chemistry. Students who have completed previous chemistry not stated above should also consult the FBTC Academic Chair for clarification of their enrolment requirements.

**General Electives:**

Students must take 3 points of general electives – Do not take more than 30 points at level 100 units (first year).

**Disclaimer:**

This course plan is a sample only and must be read in conjunction with the full course structure, unit prerequisites and enrolment options as per the online Handbook. Students should note that due to unit prerequisites, commencing study in semester 2 may extend the duration of the course. Correct as at 28/11/2023. Check the university timetable each year to confirm the teaching period units run as they are subject to change.
