

Cockatoo Origami Card

underside

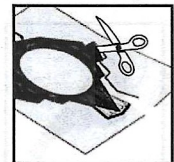

Instructions:

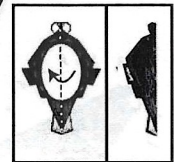

1. Write your message into the white oval on the underside.

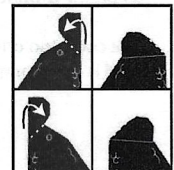

2. Colour in the tail feathers, both top side and underside.

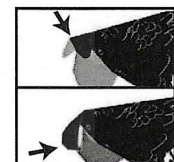

3. Underside facing up: cut out the main shape using the **grey dashed line** as a guide.

4. Fold the cockatoo in half, in line with the **central grey dotted lines**.

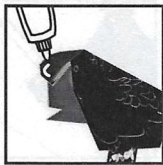

5. Next pre-fold the cockatoo beak, both ways, along the small **grey dotted lines**.

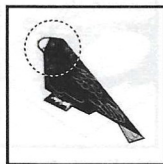

6. With the card slightly open, fold and tuck the beak into place.

7. Next press flat and make sure the beak folds are sharp.

8. Open the card slightly and glue the inside top end of the beak together.

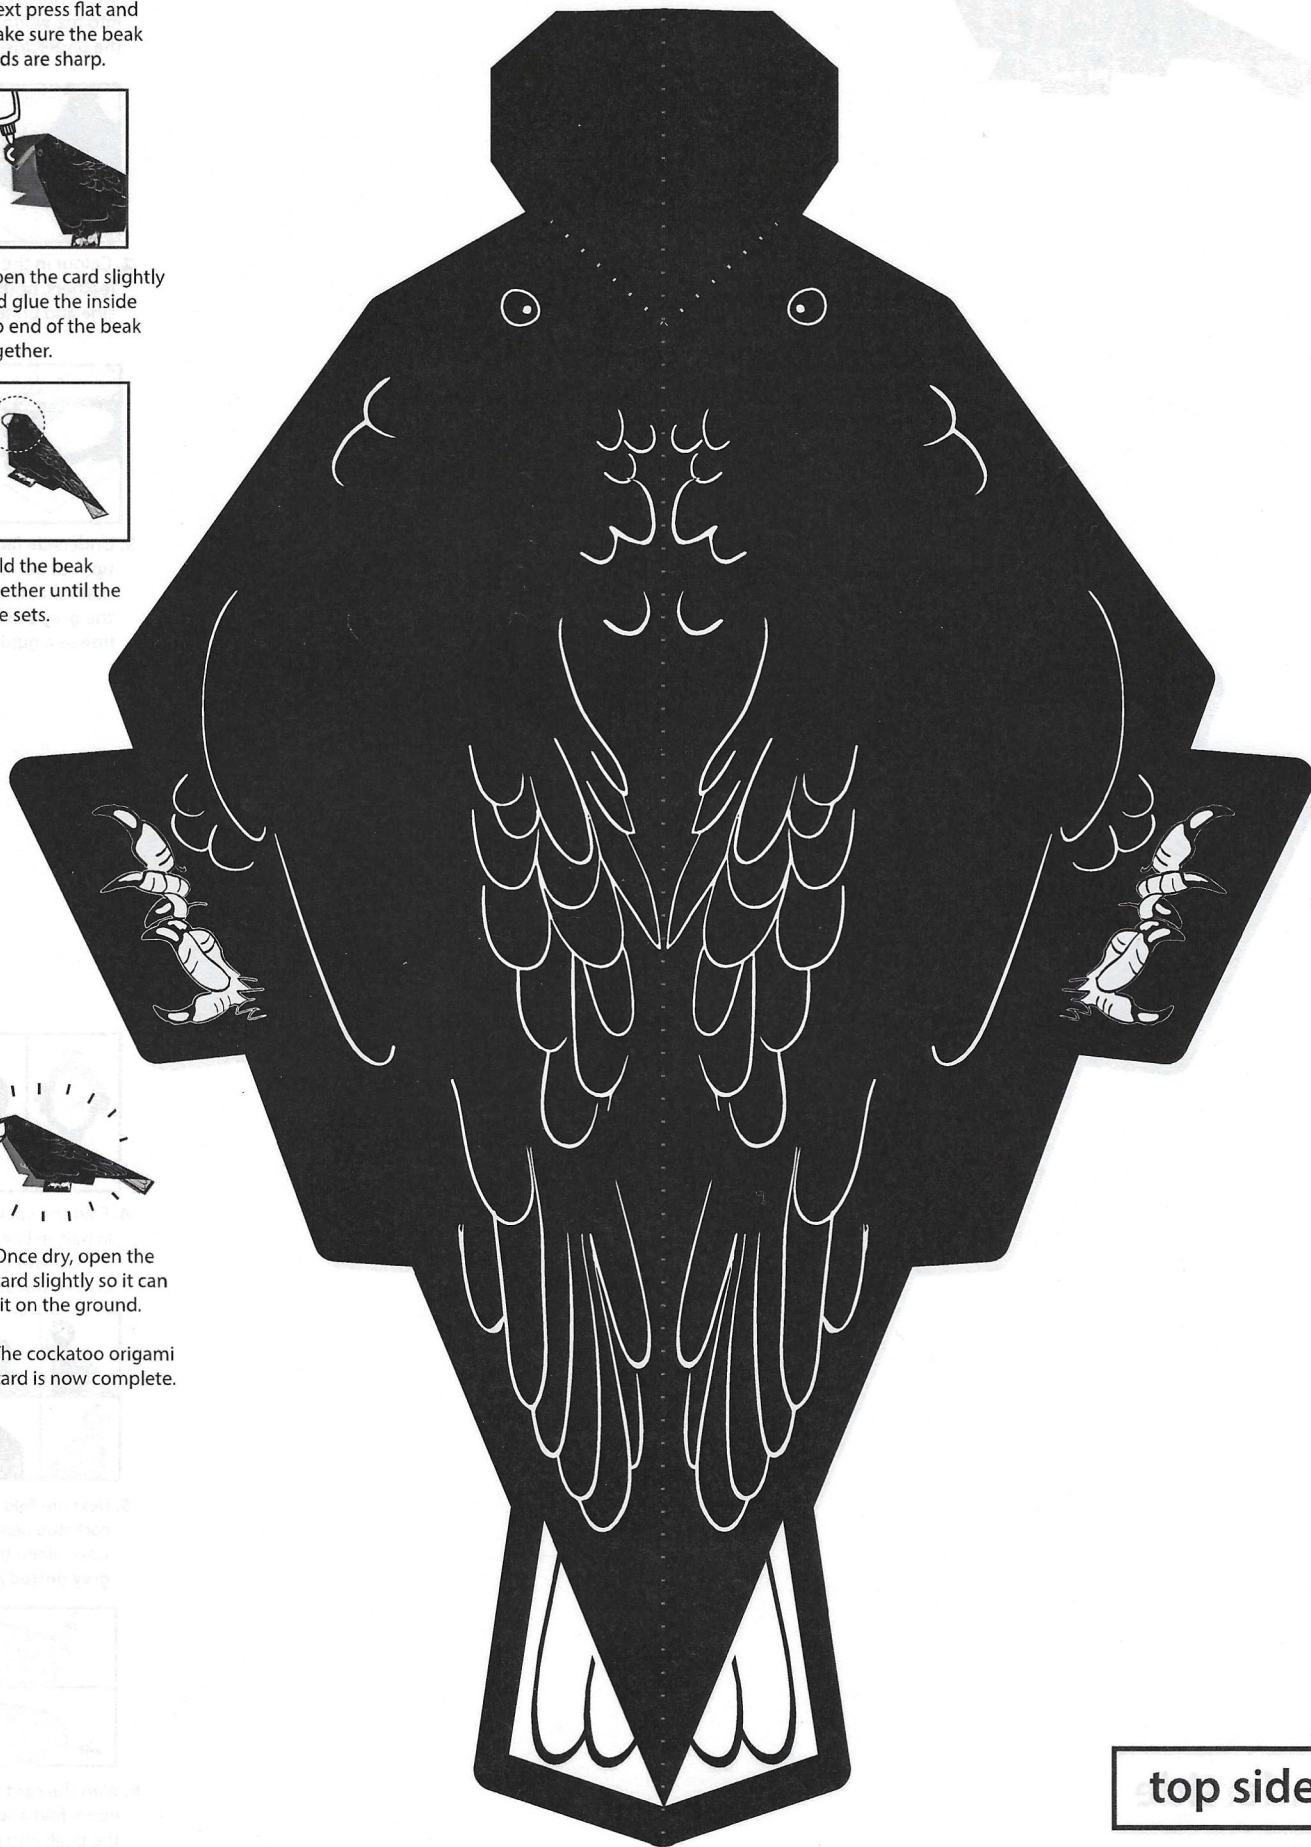

9. Hold the beak together until the glue sets.

10. Once dry, open the card slightly so it can sit on the ground.

The cockatoo origami card is now complete.
